

Next Dimension Sliding Patio Door

Features and Benefits

- 4-1/2" frame width built from thick vinyl extrusions
- Fusion-welded frame and panel corners increase strength and maximize weather-proof performance
- Aluminum reinforcement in both interlock stiles for added strength and security
- Smooth operation on four adjustable steel ball bearing rollers on a stainless steel track
- Matching standard transom and sidelite additions for beautiful combinations
- Extruded aluminum threshold cover to protect sill and prevent debris build-up
- Panel anti-lift blocks for added security
- Heavy-duty extruded screen
- Blinds between the glass option available

Glazing

- Windsor Glazing System provides 3/4" double pane insulated glass; Cardinal® LoE 366 glass standard; tinted, tempered, obscure and laminated glass available
- Custom and special glass types available
- Super Spacer® technology provides excellent thermal performance and sound absorption*
- Hot melt butyl secondary seal creates a moisture and gas barrier for improved durability and longevity

Colors

Available in standard white or clay, with seven additional painted exterior colors to choose from

Grilles

3/4" profiled aluminum grilles are color matched to the unit and installed within the insulated glass air space providing the look of authentic divided lite and allows for easy cleaning

Hardware

D-shaped handle offered in white or clay; satin nickel and faux bronze available on painted exteriors only

Warranty
